INNOVATING TO IMPACT

dentsu

Agenda

- 1. Aims of the new Mid-Term Management Plan
- 2. Direction and Challenges
- 3. Reevaluating Underperforming Businesses, Rebuilding the Business Foundation
- 4. Business Strategy
- 5. Financial Policy
- 6. Governance, Sustainability, Talent Management
- 7. Next Generation Growth Initiatives

Aims of the new Mid-Term Management Plan

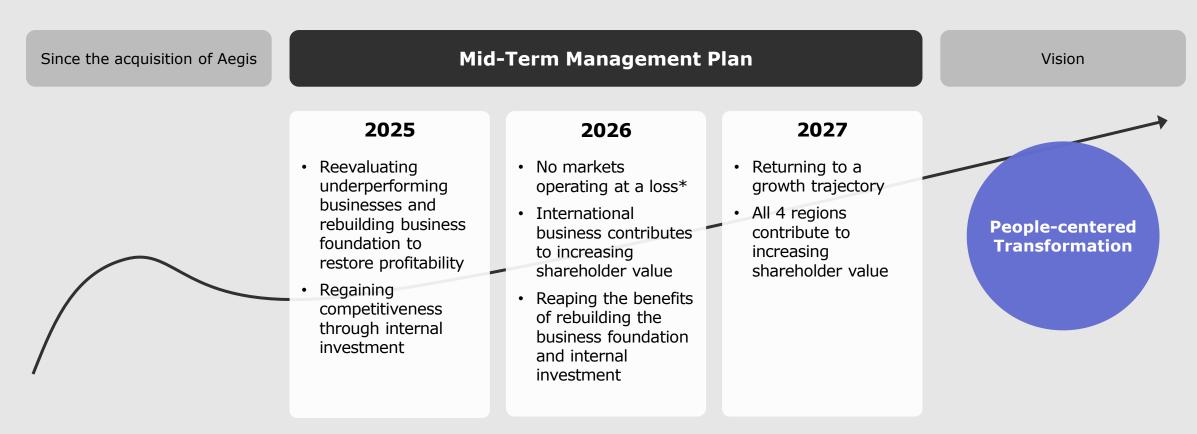

In formulating the new Mid-Term Management Plan

- The business growth and profitability targets set out in the previous Mid-Term Management Plan (2021-2024) have not been achieved
- The new Mid-Term Management Plan has been formulated to revise our previous growth strategy, which focused on M&A, and return to strong organic growth
- Considering changes in the industry environment, we have reviewed our businesses portfolio, and we are focusing our capital and talents in these areas to regain our competitiveness
- At the same time, in FY2025 we will focus on restoring profitability by reevaluating underperforming businesses and rebuilding business foundation
- We will not stop the progress toward One dentsu, returning our International business to a growth trajectory and increasing shareholder value

DENTSU VISION

To be at the forefront of people-centered transformations that shape society

In FY2025, we will focus on restoring profitability In FY2027, we will return to a growth trajectory

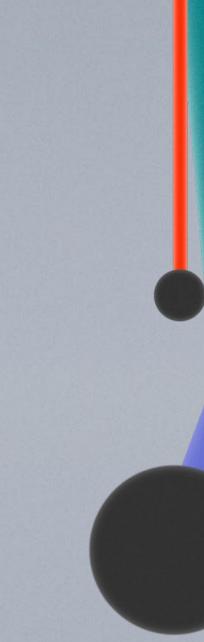

*Refers to markets that have seen over 10 billion yen of cumulative investment

Key financial targets for FY2027

2 Direction and Challenges

The profitability and competitiveness of the International business has been undermined by executing an M&A-focused growth strategy

We have already begun to implement the One dentsu Operating Model, review our business portfolio, and promote internal investment in response to these challenges

Incomplete integration

- The organization has become more complex and siloed, with high cost structures
- Results of recent acquisitions tend to be below expectations due to unrealized synergies

Lagging business portfolio realignment

- Profits have deteriorated significantly in some businesses and markets.
- Some obsolete assets have become fixed within the Group

Insufficient updates to existing capabilities

- Focus on Customer Transformation & Technology has resulted in lack of strengthening Media/Creative capabilities
- Lack of Group-led internal investment

Our position has become increasingly challenging in the face of intensifying competition

Scaling up the advertising business

Intensifying competitive environment

Super-large-scale AI investment by tech and consulting companies

dentsu's position

- Inferior in terms of network and resource scaling
- Insufficient technology investment

It is essential to restore the profitability and competitiveness of our International business in order to achieve the objectives of the MTMP

Under One dentsu, we will return to a growth trajectory in FY2027

Focus on restoring profitability in the International business

Restoring profitability

- Reevaluate underperforming businesses swiftly
- Systematically carry out sustainable cost reductions by rebuilding business foundation

Restoring competitiveness

 Focus on business strategies that leverage dentsu's unique strengths 3

Reevaluating
Underperforming Businesses,
Rebuilding the Business
Foundation

In FY2025, we focus on reevaluating underperforming businesses and rebuilding our business foundation to improve profitability

Reasons for unprofitability in the International business

Incomplete integration

Lagging business portfolio realignment

Reevaluating underperforming businesses

- Identify underperforming businesses based on capital efficiency
- Within FY2025, implement thorough and swift measures keeping all options open

Rebuilding the business foundation

- In FY2025, record one-off expenses and strongly promote the simplification of the organization, standardization and sophistication of operations
- In FY2026 and FY2027, achieve the effect of reducing operating costs

Reevaluate underperforming businesses: International business contributing to increasing shareholder value by FY2026

Underperforming markets

Criteria

- Cumulative capital investment of over 10 billion yen
- Losses for two or more consecutive years

Thorough and swift implementation of measures

Underperforming entities

Criteria

 Among the recent major M&As, entities that have not met the acquisition plan's targets

OUR GOALS

by FY2026

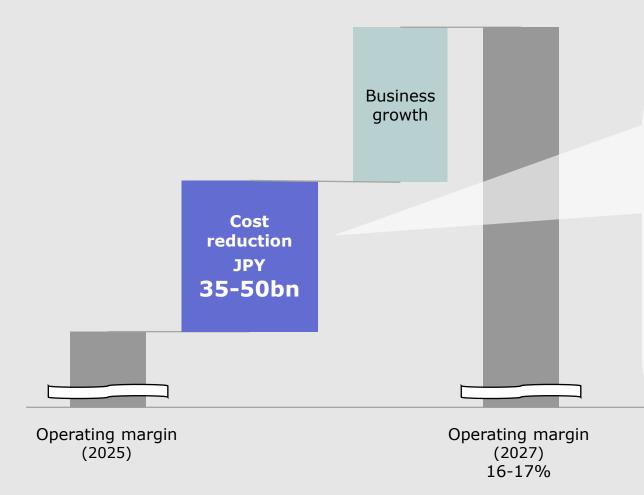

- No markets operating at a loss*
- International business contributing to increasing shareholder value

by FY2027

 All 4 regions contributing to increasing shareholder value

*Refers to markets that have seen over 10 billion yen of cumulative investment

Rebuilding the business foundation: Achieving operating cost reductions of up to 50 billion yen in FY2027

1. Simplification of organizations

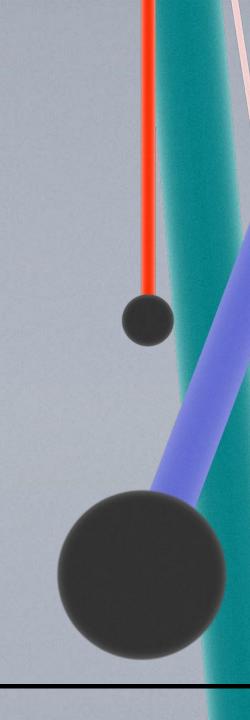

- Global HQ
 Integration of Tokyo and London HQ functions
- Regional HQ
 Simplifying operations by redefining the role of the regional HQ
- Markets
 Control costs in markets

2. Standardization and Sophistication of operation

Extensively automate with AI and systems and leverage outsourcing

Systematically carry out sustainable cost reductions

4 Business Strategy

INTEGRATED GROWTH SOLUTIONS

Combining our renewed strategy with dentsu's unique experience and diverse capabilities will enable us to drive innovation that positively impacts the entire business value chain, including our clients and society.

Focus of the business strategy

A network that wins globally by growing locally

By focusing on dentsu's unique strengths, we will prevail in the increasingly competitive market

Client centricity

Long-term relationships and a deep understanding of the client's business, leveraging our experiences in Japan

Continuous innovation

Innovative and bespoke solutions that meet the complex needs of our clients by market

Impact-generating talent

Talent capable of involving a wide range of stakeholders, executing the plan, and having a significant impact on society

Concentrated investment of resources and talents to achieve the strategy, improving competitiveness in key areas and markets

Markets

- Focus on Japan and the US, large-scale markets with an abundance of business assets
- Additionally, focus on other markets where we already have a strong position

Clients

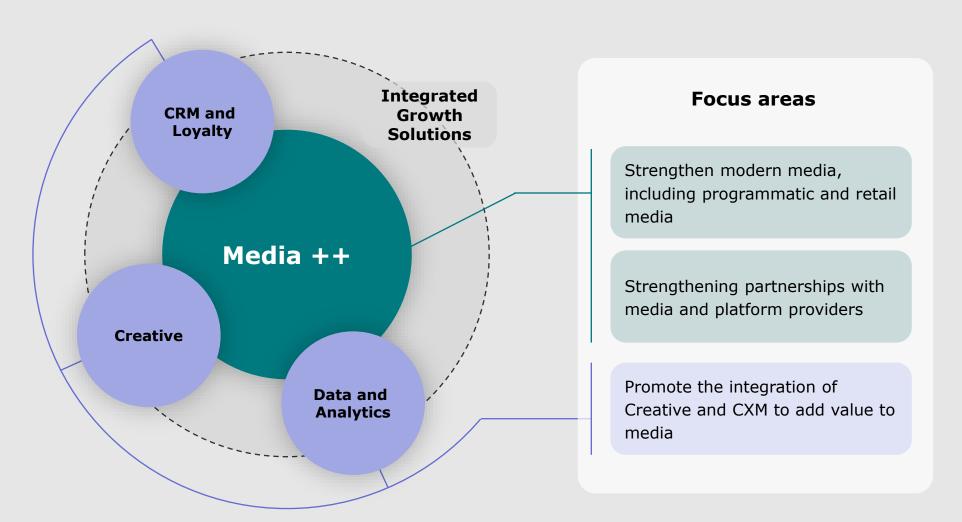

- Focus on large and mediumsized clients in each market
- Maintain Global Accelerator client initiatives
- Strengthen the Client Management team

Capability

- In the International business, focus on improving the added value of the media business, which is the core of IGS, and restore business performance
- In Japan, further differentiate IGS by strengthening capabilities such as BX and technology

In International business, we will focus on delivering IGS with the media business and capabilities that enhance its value

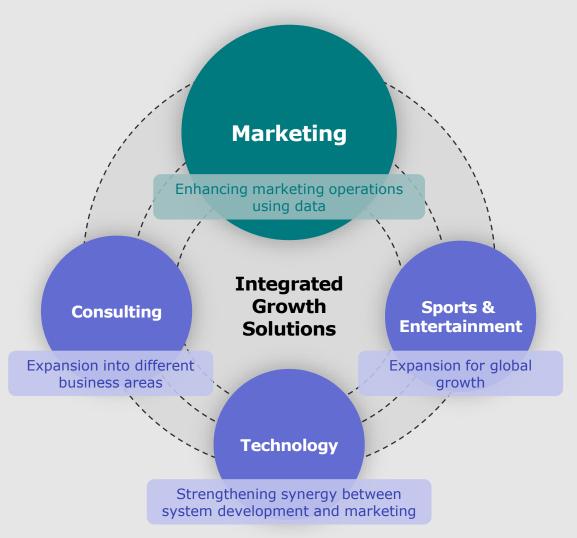

Leading measures in the US

Merkury for Media

Adobe GenStudio dentsu+

Integrated Loyalty

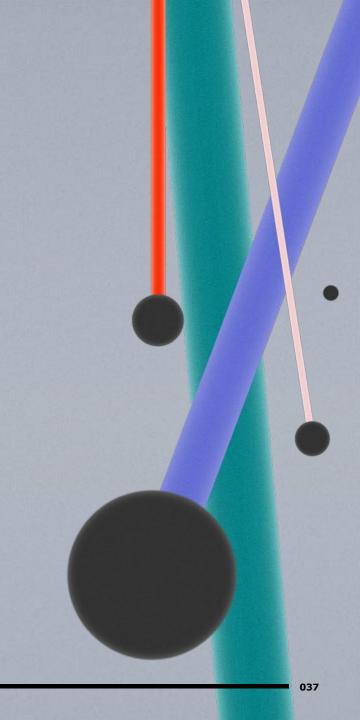

Position Japan as a Cutting-edge market to drive IGS differentiation through unique value creation

Strengthen our significant competitive advantage in marketing in Japan and seize business opportunities throughout our whole clients' value chains

Enhance our support for the overseas expansion and overseas business of our Japanese clients through our group's global network

5 Financial Policy

Financial policy and capital allocation

Financial policy

- Restore a healthy balance sheet over three years by recovering profitability and competitiveness
- Continue accelerating disposal of non-operating assets, such as strategic shareholdings
- Further strengthen investment discipline in cooperation with the Finance Committee

Capital allocation

Rebuilding the business foundation

50 billion yen will be spent as a one-off cost in FY2025, and implementation is scheduled to take place

Internal investment

Investment in key markets and businesses. 45 billion yen planned over 3 years

Shareholder returns

Maintain its policy of "35% payout ratio" as in the previous MTMP and will aim to pay stable dividends. In FY2025, while the investment will precede its outcome, the dividend will be maintained at the previous year's level as a transitional period

M&A, etc.

Carried out selectively in line with business performance recovery and under strengthened, disciplined management

Management that emphasizes shareholder value and capital efficiency

We have set a target for ROE as a part of our management policy that emphasizes capital efficiency

Governance, Sustainability, Talent Management

Continuing our commitment to governance evolution, sustainable society, and talent expansion

Governance

Effective corporate governance for improving corporate value

Risk Management

A consistent system and process for the Group

Improvement of internal control

Efficient and effective operation of internal control

Transforming the organizational culture

Establishing an organizational culture that prioritizes integrity

Sustainability

Sustainability strategy integrated with business strategy

2030

Sustainability Strategy

Continue to take action in the three priority areas and five key issues set out in the strategy update*

Talent management

Investing in human capital to realize people-centered transformation and sustainable growth

Goals for the final year of Mid-Term Management Plan

- Strengthen leadership foundations and One dentsu culture
 - Improving capabilities and systems to become a growth partner
 - Establish a foundation for utilizing human capital through a common platform

*Updates on the 2030 Sustainability Strategy: https://www.group.dentsu.com/en/philosophy/sustainability-strategy-2030.html

7 Next Generation Growth Initiatives

Create opportunities and establish new models by capturing the turning point in the sports and entertainment business

 Growth through a combination of rights investment business and client-oriented solution business

 Strengthen the sports and entertainment capabilities of the International business

- Respond to an emerging engagementdriven ecosystem with content as its core, through partnering with various stakeholders
- Contribute to the growth of IP globally

Definition

- Turnover: The gross amounts billable to clients handled by the Group on behalf of clients, with net of discounts, VAT and other sales-related taxes
- Underlying operating profit: KPI to measure recurring business performance which is calculated as operating profit added with M&A related items and one-off items
- M&A related items: amortization of purchased intangible assets, acquisition costs, share-based compensation expense issued following the acquisition of 100% ownership of a subsidiary
- One-off items: items such as business transformation cost, asset write-down and gain/loss on sales of non-current assets
- Operating margin: Underlying operating profit divided by net revenue
- Underlying net profit (attributable to owners of the parent): KPI to measure recurring net profit attributable to owners of the parent which is calculated as net profit (attributable to owners of the parent) added with adjustment items related to operating profit, gain/loss on sales of shares of associates, revaluation of earnout liabilities / M&A related put-option liabilities, tax-related, NCI profit-related and other one-off items
- Underlying basic EPS: EPS based on underlying net profit (attributable to owners of the parent)
- Payout ratio: Calculated based on underlying basic EPS
- Underlying EBITDA: Underlying operating profit before depreciation and amortization (excluding depreciation adjustments under IFRS 16).
- Constant currency basis: Comparison with the current period where the previous year's numbers are recalculated using the currency exchange rate which is used for the current year's numbers
- Currency: Currency movements comparing prior period reported net revenue at reported currency to prior period net revenue at constant currency (reported currency of the current year)
- Acquisitions: The effect of business acquired or disposed of since the beginning of the prior year
- Organic growth/ Organic revenue decline: Organic growth and organic revenue decline represent the constant currency year-on-year growth/decline after adjusting for the effect of business acquired or disposed of since the beginning of the prior year. This is calculated by comparing current period reported net revenue to prior period net revenue, adjusted for the pre-acquisition or pre-disposal net revenue as applicable, and stated at constant exchange rate, in order to derive like-for-like growth
- CT&T (Customer Transformation & Technology): high growth business domain including the services related to marketing technology, customer experience management, commerce, system integration, and transformation & growth strategy.
